

# AMERICA'S FAMILY PET EXPO

The AKK's 6th year participating at the Pet Expo, and now they consider the AKK as "one of the old timers". The AKK will be at same booths as in passed years, #119 and # 120, next to the Siberian Husky booth.

Anyone who owns an Alaskan Klee Kai is invited to participate. Bring your dog(s).

This is an excellent opportunity to help showcase the Alaskan Klee Kai and educate the public about these wonderful little guys.

Breeders are encouraged to bring information about their kennel, pet people are welcome to help us answer the many, many, many questions that we get from thousands of attendees.

Be sure to bring a crate or x-pen for your dog (s), so they can have an opportunity to rest, and get out of the limelight if they need to. Bring a chair for yourself, although there may not be much time to sit.

We always have a lot of fun, and enjoy meeting the new people who are delighted to become a member of the Alaskan Klee Kai family.

If you are interested, or have more questions about how you can participate, please contact Lo Binkley, [lo.bink@verizo.net](mailto:lo.bink@verizo.net) or [macmali.den@gmail.com](mailto:macmali.den@gmail.com) or by calling 805.379.0770 or 279.0771.
